"Many people talk about and urge us to divest our savings from corporate banks and move our money to credit unions... I began to do (that) a few years ago and am so glad I did.... Today I attended the 50th anniversary of my credit union and found out I am now a member of what I can only describe as "it's a wonderful life". For real.... This "bank" was started by 2 friends 50 years ago and now it is run by the son of the founder and his CU is a bedrock of our local community ... Sitting at the celebration I felt like I was in the movie... And it felt damn good!!!"

"The Consumers Federal Credit Union is an incredible banking institution. I have worked there, been on the Board of Directors and am a current member and it is a pleasure in every aspect. Great Job Stephen; you made your dad very proud."

In Remembrance

It is with great sadness that we inform our membership of the passing of Dr. Paul Chu, one of our beloved board members. Dr. Chu served on our board for over 45 years. He will be greatly missed.
